Commissioner for Patents

The information disclosure statement (IDS) filed April 29, 2010 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because although it includes a statement as specified in 37 CFR 1.97(e), that statement does not comport with facts of record. This is so because at least one of the items of information contained in the IDS was cited more than three months prior to the filing of the IDS. US 4,898,566 was cited in the information disclosure statement filed August 24, 2006.

Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609.05(a).

A marked-up copy of the IDS is attached.
